The Medical Metaverse **in Action**

Medicalholodeck® Demo Day

March 28 2023 | 10 AM - 1 PM CEST | Technopark Zurich

Experience Medicalholodeck's latest developments and learn how our applications create value for hospitals and medical professionals. Understand how you can benefit from an AI integration and what difference ultrasound in augmented reality will make in your daily work.

Join in person or by zoom.
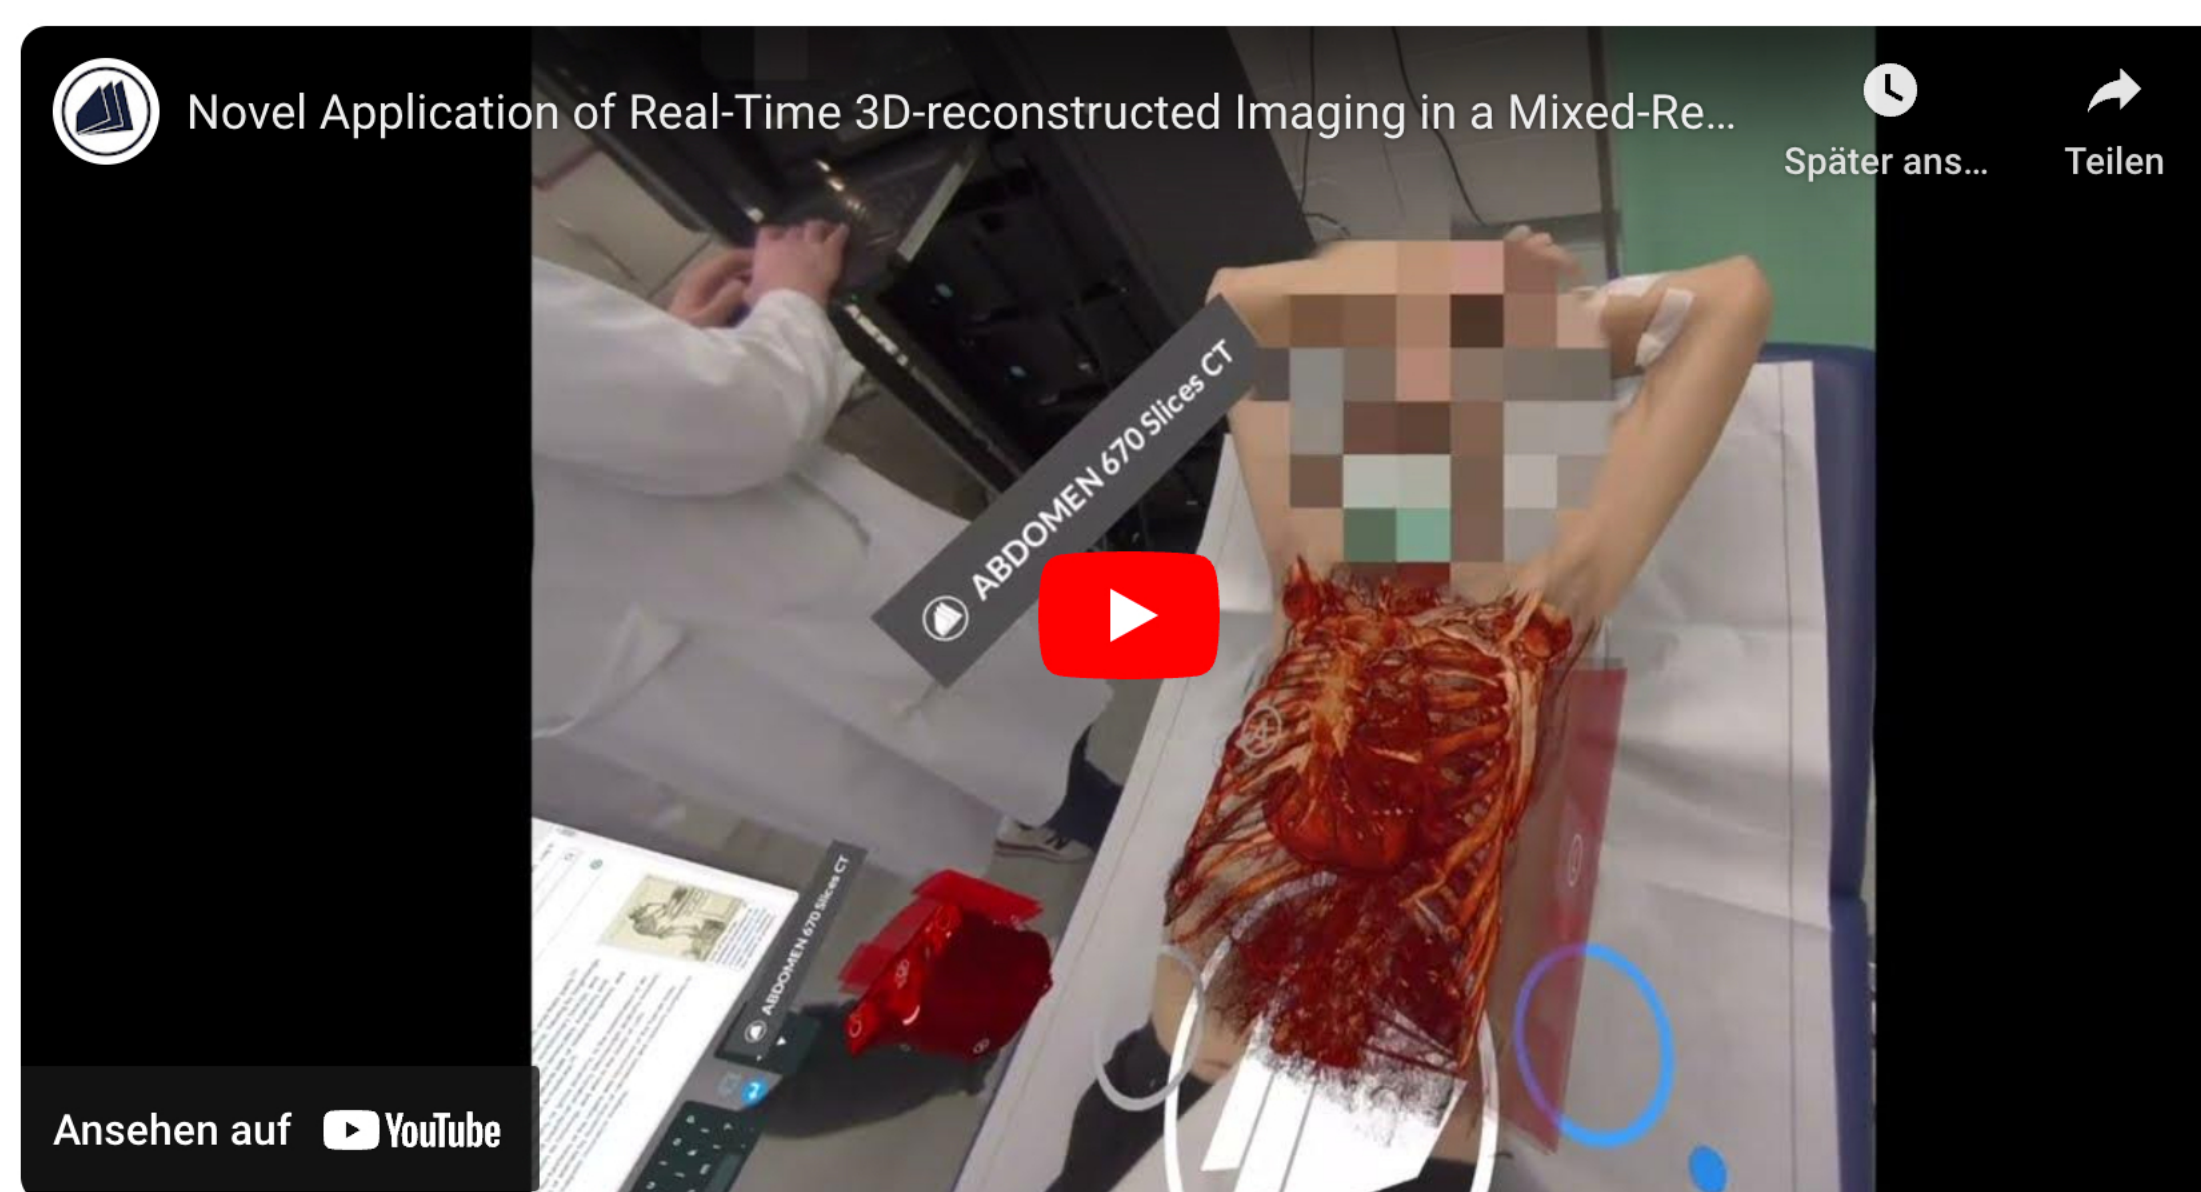

Program | Download PDF

10 AM

Medicalholodeck in Action
Learn about Medicalholodeck's latest functions, and get insight into our next features, such as **AI integration**, **real-time ultrasound in augmented reality**, and **VR streaming using** NVIDIA's CloudXR.

10.20 AM

Medical XR at The Bonn Surgical Technology Center
Dr. med. Jan C. Arensmeyer and Philipp Feodorovici, MD, from the University Hospital Bonn, are presenting the **Bonn Surgical Technology Center BOSTER** and how Medicalholodeck is integrated. They show their use of medical XR and how it is transforming surgery, medical education, and international collaboration.
More Information

10.40 AM

Training Neurosurgeons in Virtual Reality
PD Dr. M. Holling, deputy director of the department of neurosurgery at the University Hospital Münster in Germany, shows how he is using Medicalholodeck to train neurosurgery residents on real patient cases. In his courses, he imports the latest patient cases into VR and explains the surgical approaches executed in the OR to residents.
More Information

11 AM - 1 PM

Workshops

- Hands-on latest XR hardware: experience the Varjo XR3, Magic Leap 2, and Meta Quest Pro
- Medicalholodeck in a box: try the easy and secure on-premise setup for multiple headsets with NVIDIA's CloudXR
- RecordXR: record, replay, and share your own content in virtual reality

1 PM End of Event

Registration
